

# Bente van der Zeijden

I have a huge interest in UI/UX design and would like to grow as a designer. I consider myself as communicative and creative.

**Jun 2021 – Nov 2021**

---

## **Zapp Orderpicker | Amsterdam**

As orderpicker I mainly had the job to collect and pack the orders as quickly as possible. Furthermore, I had to inbound incoming products and the responsibility to keep the warehouse as neatly and uncluttered as possible. I was never bored during this job as there was always a task laying around.

**Dec 2018 – Jul 2019**

---

## **Thuisbezorgd.nl Bike Courier | Amsterdam**

Picking up orders at restaurants and delivering them to customers in the city. Whilst cycling through the busy city streets, it was essential to be stress resistant and to always keep an eye out. During working for Thuisbezorgd.nl I valued it to always be friendly to customers, even though you are in a rush.

**Oct 2018 – Dec 2018**

---

## **Pathé City Service Employee | Amsterdam**

Included many different tasks in the cinema, such as: counter staff, hostess, ticket douane, cleaning, buffet. I like that the job was versatile, I had many different roles and walked around a lot. It was important to be stress resistant in the crowded cinema and to have clear communication with your colleagues, to function as a team.

**Perfectionist** 🧐
